Thank you for your support and confidence.

Public Works Director, Chad Young, reported to Council that work on the water line near Miller's has been postponed until he has some help and also in need of a hydrovac; also, the valve is a check valve and not a valve. The port relief valve went out on the trash truck and the part was received and has been repaired. Lightening blew a fuse on the aerator at the sewer plant and shut it down. It is a safety feature. Electricians were called and it was repaired. The sewer plant is running great and all the reports for the DMR are good.
