City Judge Kurt Curfman submitted a written report: For the month of January 2025, we had receipts of \$276.00. There were no new complaints or citations filed with the Court. At this current time, we have an outstanding balance of fines and court costs due the city in the amount of \$200.00 plus warrants of \$10,154.00. We are current on all local, state, and federal reports.

Chad Young, Public Works Director, reported to Council: The contractors have completed everything at the wastewater plant and are waiting on Xcel to set their power pole and tie in the new pole on the plant side. That should be done this week. Training is scheduled for the 13<sup>th</sup> on the new aerator and startup for the plant. Work orders are caught up and there are only four that are still on the books that will have to be done when the weather is warmer. The small leaks and service line leaks have been repaired. The eight-inch line will have to be dug up at the water tower soon; the main shut-off valve has failed and needs repaired. It is letting water into the tower and the tower is leaking. We will be having Well 6 pulled to replace the pump before fire season starts. Filling up at the fire station is using a lot of our chlorinated drinking water.
